

## LABOR LEADERS AND IMMIGRATION

In Conference With Secy. Straus  
They Freely Criticized Pres-  
ent Laws Governing It.

### RESTRICTIONS WERE URGED.

Valentine of Molders' Union Said Con-  
ditions Affecting Unemployed  
Worse Than in 1873 and 1893.

Washington, Feb. 11.—At the conference of leaders of organized labor with Secy. Straus of the department of commerce and labor, which was continued today, criticism of present immigration laws was made by nearly every speaker, including President Samuel Gompers of the American Federation of Labor, Warren S. Stone of the Locomotive Engineers, and President Valentine of the Molders' union.

Mr. Valentine declared that conditions affecting unemployed workmen were worse than in the panic years of 1873 and 1893. He urged restrictions on immigration.

Secretary Straus pointed out that the United States had international obligations as old as the country itself which could not be abrogated, even when it might seem temporarily advantageous to do so.

"If we were to undertake that," said the secretary, "from the standpoint of unity and international intercourse our action might be tantamount to a declaration of war with a foreign power."

Commissioner of Labor Neill, who has been called to the conference by Secretary Straus, corroborated Mr. Valentine's statements.

He criticized, by intimation, the direction of the work of the division of information. Mr. Neill said that he was not in the conference "to skin anybody's skunk." He was there, he said, to state the fact and without reference to anybody.

While Secretary Straus had little to say regarding this development he was evidently not pleased with the attitude of the commissioner.

### CROOKED WORK OF A BOOTH & COMPANY

Chicago, Feb. 11.—Frederick R. Robbins, formerly assistant treasurer of A. Booth & Co., testifying under oath at the hearing being held by the master in chancery, said that the books of the company were properly kept, but that in a statement presented in 1907 to the Commercial National bank, the Commercial National bank, the Corn Exchange National bank and the First National bank, the bills payable by the firm were stated to be \$1,000,000 and the bills receivable increased by about the same amount, a difference of about \$2,000,000 in all. Previous erroneous statements, he said, had been made. The following year, witness said, he had several conversations with W. V. Yerxa, Booth, head of the firm, relative to the statements, and Mr. Booth expressed surprise at the state of affairs. Finally it was agreed to make a statement of the true condition of affairs to the banks concerned.

### KILLED HER HUSBAND AS HE LAY ASLEEP IN BED

Cripple Creek, Colo., Feb. 11.—With her two children by her side in bed, Mrs. Medella Durham this morning took a revolver from under her pillow and shot and instantly killed her husband, Albert Durham, a miner. According to Mr. Durham, her husband was abusing her and had threatened to kill her. She says she intended to shoot over his head. It is said that Mr. and Mrs. Durham had separated at one time, owing to Durham's ill treatment of his wife, but later they became reconciled.

### HOW MADE MY HAIR GROW

Woman With Marvelously Beautiful  
Hair Gives Simple Home Prescription  
Which She Used With Most  
Remarkable Results.

I was greatly troubled with dandruff and falling hair. I tried many advertised hair preparations and various ideas prescriptions, but they all slightly failed; many of them made my hair greasy so it was impossible to comb it or do it up properly. I think that many of the things I tried were positively injurious, and from my own experience I cannot too strongly caution you against using preparations containing wood alcohol and other poisonous substances. I believe they injure the roots of the hair. After my first lot of failures I finally found a simple prescription which I used with most remarkable results, and I can unhesitatingly state that it is beyond doubt the most wonderful thing of my friends have also used it and obtained wonderful effects therefrom. It not only is a powerful stimulant to the growth of the hair, and for restoring gray hair to its natural color, but it is equally good for removing dandruff, giving the hair life and brilliancy, etc., and for the purpose of keeping the scalp in first-class condition. It also makes the hair much easier to comb and arrange in nice form. I have a friend who used it two months, and during that time it not only stopped the falling of his hair, and wonderfully increased its growth, but it practically restored all of his gray hair to its natural color. You can obtain the ingredients for making this wonderful preparation from almost any drugstore. The prescription is as follows:

Bay rum, 6 oz. Menthol crystal, one-half dram; Lavona de Cologne, 2 oz. To-Kalon perfume, 1 to 2 teaspoonsful.  
Apply night and morning, rub thoroughly into the scalp.  
Go to your drugstore and ask for the right name. Bay rum, also one-half dram of Menthol crystal, and for a two-ounce bottle of Lavona de Cologne. Mix the ingredients yourself at your own home. Add the Menthol crystal to the Bay Rum and then pour in the Lavona de Cologne, and all the To-Kalon perfume. Let it stand for one-half hour and it is ready to use.

## LINCOLN HOLIDAY PROCLAMATION

Perst. Roosevelt Issues one for  
Observance of Centennial An-  
niversary of Emancipator.

### APPLICATION IS RESTRICTED.

Effective Only Where General Gov-  
ernment Has Exclusive Jurisdiction  
—Authorized by Congress.

Washington, Feb. 11.—By joint resolution late today Congress made provision as far as possible for the observance of Feb. 12, 1909, the centennial anniversary of the birth of Abraham Lincoln as a special holiday, and authorized the president to issue a proclamation making it effective in the District of Columbia and the territories of Alaska, Arizona, New Mexico and Hawaii.

In anticipation of the passage of such a resolution after he had departed for Lincoln's birthday in Kentucky, the president had prepared and signed a proclamation which was issued as soon as the joint resolution had been signed by the president of the senate and the speaker of the house.

While that proclamation applies only to the District of Columbia and the territories, the states of Colorado, Connecticut, Delaware, Illinois, Kansas, Massachusetts, Minnesota, Nevada, New Jersey, New York, North Dakota, Pennsylvania, Washington and Wyoming.

### LETTER TO MEMBERS OF THE LEGISLATURE

To the Honorable Members of the Utah  
Legislature.

Gentlemen—Never before in the history of Utah has a legislative body been called face to face with a problem of so grave a nature, and one that is so universally championed by the people of the state and the nation. When your people call, your country calls, and when that delegation from the south, representing 10,000 people call and their representatives refuse to comply with the request it is little less than treason to them.

A man chosen by the honest vote of the people, and sent to a legislature to represent the wishes of his constituents, and then turns traitor, should never be permitted to see his name disgraced another public ballot.

Gentlemen, stand by those whom you represent and do your duty as God gives you strength. Let the bunch of embarrassed politicians get out of their dilemma as best they can.

O. F. URSENBRACH,

### ANCIENT POLITICS BLUNDER IN ISRAEL

Editor Deseret News—Ancient Israel first entered politics when the people demanded a king. Saul, their first king, fell into the first political trap and lost his kingdom thereby.

In those days the God of Heaven took a part. He told Saul through his prophet Samuel to destroy Agag the wicked king of a people ripened in sin. He was told to destroy and leave not root nor branch.

Did he have a false sympathy for Agag that he saved his life? Or did he listen to a political ring among his soldiers and think to gain favor, popularity and greater power among the people? Did he look with aversion on the cattle that the best of them were saved and brought home ostensibly to use in offering sacrifices?

The opinions and answers may differ. One thing was certain Saul had disobeyed. He was weighed in the balance and found wanting. The sentence was "Thy kingdom is taken from thee."

Today there is a king who has caused the whole world to shiver. He has a large and strong following—among whom are giants without souls, tyrants without conscience. A king is being waged against this king whose name is Alcohol. In this case the God of Heaven speaks through the voice of the people saying to the government of Utah, "Destroy thy ungodly foe, leave not root nor branch."

The legislature of Utah and each man thereof stands as did Saul with a solemn duty to do. Shall they heed the voice of duty to them, as a solemn duty? Or will they repeat the first political blunder made in Israel of old? Will they save King Alcohol alive by "stringent legislation"? Will they look upon the spoils and think by a sacrifice to education and public good to stone for disobedience. Will they listen to a political ring and be swayed by false sympathy? Is there a friend of Agag among them? Have any sold themselves to King Alcohol? Let these men stand up like a man before the people. Let him move upon the foe with steady tread. Let him turn not to right nor left neither look back. To falter is to weaken. To weaken is to be beaten back and lose the battle in dishonor. Leave neither root nor branch. Be strong and of a good courage; be not afraid, neither be thou dismayed.

Be aroused and awake. The battle is on. You are getting into the thick of the fight. Lower not your arms. Give no quarter. Utah in an almost unanimous, solid voice is urging you on. It is expected "that every man will do his duty." They want no king alive and they want no spoils for sacrifices.

Ye men of the Utah legislature, you are in will balance with you be found wanting? JOSEPH E. WILSON,  
Salt Lake City, Feb. 12.

### TIM SULLIVAN.

Chicago, Feb. 12.—During the nego-  
tiations for the purchase of a site for  
the new \$20,000,000 passenger station  
for the Chicago & Northwestern rail-  
road, it was discovered that part of the  
land desired was owned apparently by  
one "Tim" Sullivan, who could not be  
found. As lack of a clear title would  
have proved a serious obstacle to the  
construction of the new building, search  
was made for Sullivan all over the  
country.

Recently it was learned that Sulli-  
van had died at Lynn, Mass., and ef-  
forts were made to locate his heirs.

Now, a woman says she is Sullivan's  
widow, announces at Lynn that she  
will claim the property, which is valued  
at \$250,000.
